

LNAPL Remediation Form and Report

This submission describes actions taken to define the extent and initiate removal of substances like gasoline and fuel oil that are floating on the ground water.

Things you need to know...

- If you discovered 0.01 feet or more of LNAPL at your site and submitted an **LNAPL Free Product Reporting Form** and report you must document to the Department that the actions have been taken to initiate the removal of free product.
- If you completed the removal of free product before the March 1, 2012 deadline you still need to submit the **LNAPL Free Product Reporting Form**.
- Who does not need to submit by March 1, 2012?
 - Any person that has not identified free product at their site.

The **LNAPL Free Product Reporting Form** and instructions are available at
<http://www.nj.gov/dep/srp/srra/forms/>

Refer to the quick reference guide for the **LNAPL Free Product Reporting Form** at
http://www.nj.gov/dep/srp/srra/training/matrix/new_responsibilities/lnapl.pdf

Don't forget, if you discovered 0.01 feet or more of LNAPL after March 1, 2010...

The LNAPL Remediation Form with LNAPL Interim Remedial Measures Report is required to be submitted to the Department in compliance with the following time frames:

- The regulatory time frame for this requirement is 1 year from when 0.01 feet or more of LNAPL was discovered, and
- The mandatory time frame for this requirement is 2 years from when 0.01 feet or more of LNAPL was discovered.
